EXPERIENCE

NYPD, 41st Precinct | Summer Office Assistant Intern (Bronx, NY) **Jun 2026 – Aug 2026**

- Sorted and filed 2,000+ overtime slips across multiple tours for payroll, in a filing order the team then adopted
- Reorganized record storage, separating retained records from disposal into a labeled retrieval system
- Acted as the supervisor's point of contact for a 13-person cohort, relaying assignments and owning job fair headcount
- Resulted in **2,000+ overtime slips filed in 4 days vs. a full week expected**, **20–30 shelves of records reorganized in one week**, and fewer misfiled and duplicate records

T-Rex Consulting | Payroll & Financial Analysis Intern (Queens, NY) **Jun 2025 – Aug 2025**

- Audited daily timekeeping for ~50 employees across Deputy, Autofleet, and Samsara, verifying each discrepancy against camera footage and system logs before payroll ran
- Replaced a fully manual review with Excel formula checks that flagged timekeeping errors before weekly payroll
- Built recurring Excel reports (PivotTables, VLOOKUP) for compensation and salary-transition analyses for leadership
- Resolved 2–3 employee timekeeping disputes per week using system records and camera evidence
- Resulted in **3–7 payroll errors caught daily before paychecks went out**, fewer employee pay complaints, and a salary analysis leadership used to **move an hourly employee to a $1,300/week salary**

Chipotle Mexican Grill | Certified Trainer (New York, NY) **Mar 2022 – Mar 2024**

- Packed 1,000+ orders weekly at 50+ entrées per hour and trained 20+ new hires on procedures and inventory standards
- Part of a team that **grew daily store sales from $10K to $15K** over two years

FINANCIAL ANALYSIS PROJECTS

Investment Banking Job Simulation | Bank of America (Forage) **Sept 2026**

- Tied out three years of Webflix 10-K financials in Excel (margins, EBITDA, leverage) and found free cash flow as the central diligence issue, as content spend drove FCF to a $0.16B outflow in FY2021
- Valued Nintendo with a five-year unlevered FCF model (8.5% WACC, 12.0x exit) and two-way sensitivity tables, arriving at a **$64B–$76B valuation with a $70B midpoint** in a client-ready deck

Credit Default Prediction Using Machine Learning | AI in Business & Economics **Spring 2026**

- Built logistic regression and decision tree models in Python on 12,290 LendingClub loans, **earning an A+**

MarketMeh | Personal Project, Desktop Markets Dashboard **Summer 2026**

- Built a desktop markets app through AI-assisted development with Excel-ready price exports, **free with no API key**

PROFESSIONAL DEVELOPMENT & ACTIVITIES
